Town Library.

Trustees' Report of Canaan Town Library,

FOR THE YEAR ENDING FEB. 15, 1911.

The town library has reached the size where more and more labor is required in taking care of it. There are 3,072 marked and listed books; besides this, there are many valuable pamphlets, many unbound magazines and paper covered novels and essays, also bound and unbound newspapers. Some of the latter are rare and therefore valuable.

There is also in the library a set of 150 volumes bound in red morocco, being the "Records of the Union and Confederate Armies", in the war of the Rebellion, the gift of Hon. Frank D. Currier. The value of the latter cannot be estimated; it contains all there is on that subject.

There are also many old books donated by Abram L. Williams and E. P. Gerould. Besides there is a collection of minerals and woods which Mr. Gerould also gave.

It is the desire of the trustees to impress upon the town the importance of the proper preservation of them, and a sufficient amount of funds should be provided. The circulation has so increased that it is impossible for one person to attend to the work in the summer. In the last three years it has doubled. If we are to receive donations we must show to people that we are properly taking care of what we have. It cannot be done with the present amount raised by law, \$78. The building is an old one, having been built in 1839 by money furnished by this town and has at different periods lain in a dilapidated condition. The roof on the north side now needs shingling. Water comes down on the library floor. The town should be interested to preserve this landmark.

The increase of books due to the Williams donation has led others to donate until the library has nearly doubled in the last two years. Can it be expected that the same amount of money is going to take care of it? In order that the library be useful it is necessary that the books be in their places where they can be easily found.

Last year the trustees tried to induce remoter parts of the town to assist each other in obtaining books. No effort seems to have been made.

Report of the Board of Health.

F. A. BOGARDUS, President
H. L. WEBSTER, Treasurer
GEO. W. CHASE, Secretary

The town is to be congratulated on its good health so far as contagious diseases are concerned. We have had reported but three cases of scarlet fever, very mild; two of measles, none of diphtheria, and one of consumption. A very healthy showing as compared with last year when we had 79 of the above named with one fatal. While there have been a good many deaths in town, most of them have been of elderly people. We have had but one complaint of nuisance. The water from the lake used for drinking purposes has been tested and found all right. We have made our reports to the Secretary of State Board of Health at Concord and to the Surgeon General at Washington, D. C., according to law.

Respectfully Submitted,
GEORGE W. CHASE, Secretary.
